LeekSeek Middle East has joint forces with Avanceon!

Dear Valued Customers, Suppliers, and Business Partners;

We are pleased to announce that effective January 1, 2018 LeekSeek Middle East is operating as a division under Avanceon FZE.

This is a very exciting event for both companies, for our employees and our clients. Our greatest assets have always been our people, and by joining forces we have just made a huge increase in the quality of that asset.

Our merge expects to create a partnership with enhanced experience and expertise. It will also produce an expanded base of highly qualified project engineers that translates into better service for our clients.

Though we will now operate as one company – Avanceon FZE – you can trust on the same personal working relationships that you have had in the past. You will still be dealing with the same people, and you can rely on the same quality of work.
